

Certificates of Origin and other Trade documents

Certificates of Origin and other documents are certified according to standards set by the **International Chamber of Commerce**.

As an **ICC** accredited issuer of trade certification, the **Durban Chamber of Commerce and industry** has for decades (more than 160 Years) issued manual Certificates of Origin.

The **International Chamber of Commerce** refers to Certificate of origin as an important international trade document that certifies that goods in a particular export shipment are wholly produced, obtained, manufactured in a particular country. It also serves as a declaration by the exporter

For manual issuing of Certificates of origin, please refer to the First Time Guide (See attached)

Certification at **R181-00 members and R409-00 non-members**

Certification of other Documentation

Durban chamber of Commerce and industry maybe requested to certify invoices, packing lists, Health Certificates etc. The applicant is required to provide the **original document** for certification and **one copy for retention by the Chamber**.

Certification Fees: **R181-00 members and R409-00 non-members**
